

U.S. TO ROUND UP AND DEPORT MANY RADICALS

UNBOMB-ADDRESSED TO SEN. OVERMAN SEIZED IN MAILS

C. Postmaster Finds Package—All Mails Being Searched.

By Associated Press Leased Wire
Washington, D. C., May 1.—The postmaster general today announced that a package containing a bomb similar to the one found in New York had been received there addressed to Senator Overman. The postmaster is holding the package. As acting chairman of the senate judiciary committee, Senator Overman is in charge of the espionage act and any other measures dealing with law enforcement during the war. He also is chairman of the special senate committee investigating pro-German and her radical propaganda.

Had Gimbel Label.
It was said here that the Salisbury package was the Gimbel Brothers mail, and in every way resembled one discovered in New York. Reports from every section of the country indicated that a thorough search still was being made of the mails. In Washington a close watch is kept on all official mail.

CLERK EXAMINES ONE.
By Associated Press Leased Wire
New York, May 1.—Two bombs, one addressed to Senator Reed, of Salt Lake City and the other to an unknown address in Utah, were returned to Gimbel's department for additional postage and innocently remained Tuesday by a shipping clerk, post office inspectors learned today.

According to the inspectors, the clerk opened one of the packages, took out a bottle of acid and examined the contents. Caps and other mechanism were returned them to the box and facing the additional postage on both packages sufficient to carry them to their destination. The clerk thought the machine was a "joke" the inspectors said.

Will Deport Many Reds.
Persons in touch with the federal and municipal authorities predicted today that the haunts of the reds would be invaded and many radicals deported. This union was expected after a conference which ended after midnight attended by Police Commissioner Enright, to whom one of the bombs was addressed, county District Attorney Swann, United States Marshal Thomas McCarthy, and department of justice investigators.

It is understood the officials decided to stop leniency toward anarchists and others of their type in New York. It was announced that the only bomb package opened here was addressed to postmaster General Buison. Inspector Egan of the bureau of combustibles, said the other fifteen were untrapped today.

P. O. EMPLOYEES DETECTIVES
By Associated Press Leased Wire
Washington, May 1.—Every postoffice employee engaged in handling mail throughout the country was an embryo detective today and every parcel and package was carefully scrutinized in an effort to locate anything that might contain bombs.

Officials have no way of knowing how many of the packages were placed in the mails but this morning there had been no reports of new discoveries.

"REDS" PLANNED SURPRISE
By Associated Press Leased Wire
New York, May 1.—With the discovery and frustration of a nation-wide bomb conspiracy here yesterday against the lives of many prominent Americans, every agency of the federal and municipal government was at work today not only in an attempt to trace the authors of the plot but to guard against the "reds" boast of a "country-wide surprise on May Day."

It was intimated by the police that before there would be a general roundup of extremists of all types in this city and suburbs.

36 Bombs Discovered
While 36 bombs had been delivered or intercepted in various cities, Postmaster Patten said: "The likelihood that other infernal machines will be brought to light in the next 24 hours does not comfort me."

The postmaster said that "evidently the packages were mailed with a view of reaching the address on or about (Continued on page 8.)"

LOAN CAMPAIGN QUICKENS TODAY

By Associated Press Leased Wire
Washington, D. C., May 1.—The treasury today reported "a somewhat quickened interest" in the victory loan campaign, based on reports from federal reserve districts. The total subscriptions officially tabulated stood at \$1,130,697,000.

The treasury's review of the progress of the campaign said: "The percentage of quota officially subscribed still is below the percentage of the fourth liberty loan subscribed at the same period. There is a gradual falling off in the average percentage of quota subscribed and workers are at a loss to explain it."

The Chicago district reports 517,222 subscribers.

The first trade committee to obtain its quota in Chicago, the treasury announced, included the brewers, distillers and tobacco dealers. A telegram from one of the leaders given out by the treasury said they had "done the job cheerfully," despite prohibition and high taxes.

BOLSHEVIKI PLAN TO EVACUATE PETROGRAD; TO STRENGTHEN ARMY

War Minister Trotzky is Wildly Appealing to People for Aid.

By Associated Press Leased Wire
Helsingfors Wednesday, April 30.—(Delayed.)—Petrograd is being evacuated by the bolsheviks, reports from reliable sources say. Many of the inhabitants are being sent away and the bolshevik government is taking rigorous measures to prevent the news of the happenings at Olonez from reaching the people.

TROTZKY ASKS FOR HELP.
By Associated Press Leased Wire
Copenhagen, May 1.—The soviet government of Russia is making extraordinary efforts to get troops for an offensive against Admiral Kolchak, in eastern and southeastern Russia, according to a dispatch filed at Liebau on Tuesday.

Leon Trotzky appealed for swift action, saying: "It is necessary to defeat Kolchak within the shortest possible time." It is planned to Moscow to mobilize ten percent of the professional unions and 20 per cent of the communists.

REDS RETREAT 30 MILES.
By Associated Press Leased Wire
London, Eng., May 1.—Along the Murnansk railway the bolsheviks under allied pressure have withdrawn to positions 30 miles west of Petrozavodsk on the western bank of Lake Onega. A Russian wireless message says the bolsheviks have advanced south of Archangel and that on the eastern front the Siberians have been driven back twenty miles in the region east of Orenburg.

CLEVELAND SEES RIOT FOLLOWING MAY DAY PARADE

Scores Injured During Fighting—Red Flag Starts Trouble.

By Associated Press Leased Wire
Cleveland, O., May 1.—A riot broke out in the downtown section at 2 p. m. today, when a red flag, carried by a marcher wearing a soldier's uniform and leading a socialist May Day parade, was knocked down by a returned soldier who took the flag away. This started a general fight, scores of police, soldiers and civilians battling with the marchers.

More than two score persons, many of them women, were injured in a series of riots that followed entrance to the downtown section of the socialist May Day parade.

All police reserves, liberty loan trucks and army tanks were called out to help quell the fights. Two policemen were shot by the marchers and twelve persons men and women, were in hospitals shortly after the riot started.

STRIKERS TAKE PARIS
By Associated Press Leased Wire
Paris, May 1.—Crowds which gradually had been assembling in the Place Madeleine broke through the infantry cord stretched between the Madeleine and the Place de la Concorde, through which the cavalcade was to pass. The crowd drove them back into the side streets, but several thousand reached the Place de la Concorde.

This crowd was augmented by lesser groups that had formed a mass in the Place de la Concorde, through which the cavalcade made one ineffective charge and then withdrew. The efforts of the police were equally fruitless and the cheering and singing crowds swept past the hotel de Crillon, with shouts of "Vive le Wilson!" and "Vive l'Amérique!"

The cavalry and the police reformed their lines and gradually herded the crowds into the side streets, so that within half an hour the Place de la Concorde had been cleared.

Corn Soars Again After Big Decline

By Associated Press Leased Wire
Chicago, May 1.—Corn went soaring in price today, and overcame much of the sensational decline which a couple of days ago accompanied the energetic drive which the federal wheat director Julius Barnes made against high cost of foodstuffs. Realization that country dealers had to a great extent begun to hold back their corn was considered responsible for the new advance.

ALLIES TO MEET GERMAN ENVOYS THIS AFTERNOON

Credentials of Enemy Delegates Will Be Received Then.

By Associated Press Leased Wire
Versailles, May 1.—The first official meeting between allied representatives and the German peace delegates will take place at 3 o'clock this afternoon. A committee from the allies and the United States will receive the German credentials at that time.

PEACE TERMS DELAYED.
By Associated Press Leased Wire
Paris, May 1.—(Havas.)—The opinion prevails that the peace preliminaries will be communicated to the Germans Monday afternoon.

Various lesser details of the peace treaty were taken up today by the council of three, among them the question of the captured German cables.

With the Kiao Chau problem disposed of, the Adriatic question is the only highly important problem remaining unsettled.

CONFERENCE ROOM ARRANGED

By Associated Press Leased Wire
Versailles, April 30.—(Delayed.)—The spacious dining room of the Hotel Trianon today received its peace congress installation—three long tables in horseshoe form, covered with traditional green cloth of diplomacy and games of chance. The installation is imposing in the size of each of the side table, which extend some 50 feet through the room. At the head of the apartment is a table about 35 feet long at which representatives of the great powers will be seated with President Poincaré or Premier Clemenceau in the center.

Inside the horseshoe is another table covered with red plush and in the space between one side of the horseshoe and the windows is a similar table. In the window openings are smaller tables for secretaries.

No Date Is Set
This is the scene for the handing over of the terms of peace. The exact date of the ceremony has not been announced. The French government has carefully abstained from naming the day and it is a fair presumption that this is due not only to the problem whether the intervening time will be long enough to verify the credentials of the German plenipotentiaries but also the uncertainty that the draft of the treaty can be completed by Saturday. Questions relative to the adequacy of the powers of the German delegates and their qualifications to speak for Bavaria, may delay the handing over of the treaty.

German Delegates Busy
All 16 German delegates, including Count von Brockdorff-Rantzau, the foreign minister, were out for a brief stroll today despite inclement weather. There was a busy coming and going of subordinates between the three hotels occupied by the mission. The Germans exhibit little curiosity in Versailles and passersby rub elbows with the Teutonic visitors, scarcely taking note of them.

Versailles will have its May day demonstration but, so far as can be determined tonight it will not affect the core fort or the commissary arrangements of the German mission. The labor leaders have promised that the procession will not enter Rue Des Reservoirs and an adequate force of gendarmes will see that agitators do not gain access to the three hotels with an idea of forcing them into the one-day strike. Big placards, with the French equivalent of "keep moving" have been posted on the streets.

Senate Passes Booze Seizure Bill 29-11

By Associated Press Leased Wire
Springfield, Ill., May 1.—By a vote of 29 to 11 the senate today passed the Jewell search and seizure bill intended to enforce prohibition in Illinois. It was warmly debated. It now goes to the house. The Jewell bill prohibits the sale, purchase or transportation of intoxicating liquors in dry territory, but does not apply to liquor for medicinal, chemical sacramental or manufacturing purposes. Any person who handles liquor would be required to obtain from the attorney general a permit to do so.

Amendments to the original measure throw safeguards about private residences which protect them from search on suspicion. Intoxicating liquor is defined as that containing one half a percent of alcohol.

G. O. P. Senators to Oppose League Meet

By Associated Press Leased Wire
Washington, May 1.—Several Republican senators of the group known as progressive let it be known today that they opposed having the League of nations considered at a Republican conference with a view to determining the attitude of the party toward the document.

Senators Johnson of California, Jones of Washington, McNary of Oregon and Borah of Idaho made statements declaring the league could not be made a party question.

Clem Miller of Amboy visited in Dixon, Wednesday.

CHINESE PARLIAMENT PROTESTS TO ALLIES ON KIAO CHAU ACTION

Demands Former German Colony Be Returned to China at Once.

By Associated Press Leased Wire
Tokio, May 1.—The diplomatic advisory council voted today to adhere to Japan's attitude relating to the Shantung peninsula and to make no concessions or compromises at Paris, according to newspapers here.

CINSE PARLIAMENT RILED.
By Associated Press Leased Wire
Peking, Wednesday, April 30.—(Delayed.)—The Chinese parliament today protested to the delegates of the five great powers at Paris, against transfer of the control of Kiao Chau to Japan. Both houses request that Kiao Chau be restored direct to China without condition.

JAPAN GIVEN KIAO CHAU.
By Associated Press Leased Wire
Paris, Wednesday, April 30.—All German rights at Kiao Chau and in Shantung province are to be transferred without reserve to Japan, according to an agreement reached today by the council of three. Japan voluntarily engages to hand back Shantung province in full sovereignty to China, retaining only the economic privilege granted Germany and the right to establish a settlement at Tsing Tab.

THE TICKER SAYS:

By Associated Press Leased Wire
Washington, May 1.—Two officers and 14 men of the crew of the naval tug Gypsum Queen were drowned when that vessel struck a rock and sank near Arden Light, off the coast of France, on April 28. Three of the sweepers, the Courtney, Douglas and the James, foundered in a storm. All members of their crews and 17 officers and men of the Gypsum Queen were rescued by tugs and destroyers.

Washington, D. C., May 1.—Postmaster General Burleson today refused to consider the request of Clarence H. Mackay for the immediate return of the Postal Telegraph lines to private ownership.

St. Johns, N. F., May 1.—Chances for the start of the season of the trans-Atlantic flight planned by Frederick P. Raynham and Harry G. Hawker were considered favorable at 1 p. m., with the prospect of virtually ideal weather conditions.

Rome, Wednesday, April 30.—8:40 p. m. The Italian peace delegation met today to consider the situation. The meeting came after conference. Premier Orlando had had with the king and American Ambassador Page.

London, Eng., May 1.—The Hungarian communist government, a wireless message from Budapest says, has offered the Rumanian government territorial concessions and requested cessation of hostilities.

Copenhagen, May 1.—The ring of government troops is closing around Munich, according to Berlin dispatches. The villages of Schongau and Umming have been captured from the soviet forces without loss. They are about forty miles northwest of the city.

San Salvador, Wednesday, April 30.—(Delayed.)—The earthquake which occurred here last night was the worst ever registered in this country. Several lesser tremors have been felt since. Many people are sleeping in the piazzas. A large number were hurt.

New York, May 1.—A package suspected of containing an infernal machine was received in the office of Eugene A. Philbin, state supreme court justice today.

The police today received information from the naval intelligence offices that the bombs sent in the mails to prominent persons showed a startling resemblance in operation and principle to German mines found by the navy off the coast.

DANIELS STATES LEAGUE NATIONS NEEDS BIG NAVY

By Associated Press Leased Wire
London, May 1.—A large naval international police force will be necessary under the league of nations plan immediately after peace is declared, in the opinion of Joseph W. Daniels, American secretary of the navy, and one of the objects of his trip abroad is to discuss with the admirals of Italy, France and England some details as to this force, particularly the types of vessels desirable.

Conquest Still Alive
"The desire of conquest may still linger in the hearts of some nations after peace," said Secretary Daniels, "and such nations must be shown that it would be unprofitable to attempt to accomplish those desires."

As the league of nations becomes established, Secretary Daniels added, the naval police force would be decreased in proportion to the strength of the league.

The secretary has just returned from a visit to the interned German battle fleet at Scapa Flow. He declined to discuss disposition of these ships.

Rev. George J. Ross of Wabash, S. D., is in the city visiting with his brother, W. F. Ross.

NEGROES' FATE NOW IN JURY'S HANDS

EDWARDS ASKS FOR DEATH PENALTY

Case Against Two Negroes Went to the Jury This Morning.

EDWARDS' LAST PLEA FOR DEATH OF MURDERERS

By Associated Press Leased Wire
Chicago, May 1.—Some red flags which unemotional policemen removed from the roofs of two downtown elevated stations today were strong on May Day radicalism but weak on spelling.

The flags bore these legends: "Long live of the world," "Proletarian dictatorship," "hooray of the world," "socialist federal soviet republic," and "down with the capitalist imperialist system."

At the department of justice the crude handling of simple words and the correct spelling of longer ones suggested that the display was that of a foreigner who faithfully copied, letter by letter, familiar radical phrases, but got into trouble when he tried original work.

In his reply to Mr. Gannon, Mr. Edwards declared that it was not the color of the faces of the defendants that moved him to ask the death penalty in this case, but the color of their hearts, and the States Attorney denied that this was the first time the death penalty had been asked in Lee county, citing cases when he and other prosecutors had asked the death penalty.

Was Quick Finish.
The trial was brought to an end half a day or more earlier than was expected when the state rested its case yesterday afternoon and the defense put its five witnesses on the stand and completed its testimony. The arguments of counsel commenced immediately afterwards and State's Attorney Edwards completed his opening argument and Attorney Gannon, representing the defense, made a good start on his summary of the case, which he completed this morning.

The features of yesterday afternoon's session were the placing of the two defendants, Johnson and Lucas, on the stand in their own behalf, and the brilliant and eloquent appeals made by the two attorneys to the jury in the opening of their arguments.

Court Room Jammed.
Standing room was at a premium in the circuit court room yesterday afternoon and today. A large body of high school students, several complete classes, were permitted to attend the trial, and hundreds of Dixon and county people sought to be within sight and hearing of the trial of the two negroes.

Arguments Were Eloquent.
State's Attorney Edwards and Attorney Martin J. Gannon thrilled their large audience and had the undivided attention of the jury with their remarks.

DENIES REPORT OF EPIDEMIC IN DIXON

Numerous reports have been circulated about the city for several days to the effect that Dixon is experiencing an epidemic of scarlet fever, measles and other maladies at this time of the year. Commissioner W. V. Slothower of the department of public health and safety has received numerous inquiries from citizens who were becoming excited over the health conditions. The commissioner this morning gave out the following statement concerning the situation: "My attention has been called to numerous reports of large numbers of scarlet fever and measles cases in the city. In connection with this matter I can say that at no time has there been in excess of five cases of scarlet fever in the city at one time and at this time there are but five cases, all of which will be out of quarantine very soon. As to the rumored measles epidemic, I will say that there are not more than two or three cases of measles in Dixon, and keeping in close touch with Dr. W. B. Parker, city health physician, on this matter and feel that there is no call for this excitable condition and unfounded rumors."

RANDITS TO CHICAGO.

Detective Sergeant John Sheehy and James Mullen of Chicago, arrived in Dixon last evening and with Detective Doyle left this morning with the four Italian auto bandits, taken near Franklin Grove Tuesday afternoon. Sergeant Mullen identified one of the prisoners who gave the name of Frank Romano, as Frank Reo, who is wanted in connection with the Argo bank robbery, and for whom the Chicago police authorities have been searching for weeks.

Detective Doyle was certain after looking over the prisoners that at least one of the men was one of the participants in the Argo robbery. Another of the quartette who registered as Tommy Pape was identified as being Nick Carroll, who is out on bond. Frank Permarito is also out on bond and has a lengthy police record.

An Italian attorney also came to Dixon last night from Chicago to confer with the prisoners, but failed to gain an audience with them. The three detectives with their prisoners left Dixon at 6:40 this morning, returning to Chicago.

FIND JOHNSON'S RAZOR IN CELL AT COUNTY JAIL

Attempt at Escape or Suicide May Be Frustrated.

The possibility of an attempt at escape or at cheating the hangman, in case the jury in their murder trial returned a verdict fixing their punishment at death by R. E. Johnson and Alfonso Lucas was frustrated by Sheriff Schoenholz and his force this morning, when, acting on a tip from other prisoners, they found Johnson's razor, sharp and shiny, hidden under the mattress in the cell occupied by Sam Starks, also colored, who is serving a sentence for bootlegging, at whose home east of the city the State charges Johnson, Lucas and Wilson of having planned the murder of George Bush at Nelson.

Just as State's Attorney Edwards was making his final plea to the jury to hang the two defendants for their crime the sheriff was given a tip that they had a razor hidden in their cells. The two were guarded with renewed vigil during the time they were in court and on their way to the jail where the search was instituted. Nothing was found in either Johnson's or Lucas' cells, but cleverly hidden in the mattress of Starks' cell was found the weapon, which could have brought a startling and dramatic finale to the case.

Neither defendant nor Starks made any comment while the search was going on or when the razor was found.

ALL INTERESTED IN SPORTS ASKED TO ATTEND MEET

Baseball, tennis and volleyball players, members of the Y. M. C. A., are urged to be present at the Y. M. C. A. tomorrow evening, when plans will be made for out door activities of the association during the summer.

Baseball enthusiasts will make preparations for a twilight baseball league, such as Dixon had last summer, only a more extensive scale. It is expected that the different churches will enter teams and that business men will also plan to participate.

Tennis players will make plans for an active summer season and may organize a club for the purpose of carrying out their program. All interested in tennis are asked to attend this meeting.

A volleyball program for the summer also will be made at the meeting Friday evening. Much interest has been manifested in this game during the winter months and it is planned to continue this summer on an out doors court.

ENGELKES HELD BY OGLE GRAND JURY

Martin Engelkes, wealthy Ogle county farmer who fought a duel with S. S. Claussen a week ago last Saturday night, was indicted yesterday by the grand jury at Oregon. The indictment charges assault with intent to kill. Engelkes' bonds were placed at \$1,000, which he was able to obtain.

SOUTH DIXON HIGHWAYS.

Two contracts for the improvement of highways in South Dixon township were let yesterday. The successful bidder being Charles Atkinson. The work which is to be started at an early date, provides for a long stretch of macadam on the Dutch road, about \$2,000 to be expended in this improvement. The approaches to the Peoria road bridge over the Illinois Central tracks are to be repgraded and surfaced with macadam. The Peoria road in South Dixon township is also to be repgraded in many places. The macadam for this work will be taken from the old Judd stone quarry near the Countryman farm, south of Dixon.

REMAINS SENT HOME.

The body of Ira Skinner, who came from his home in Watertown, S. D., to undergo an operation at the Katherine Shaw Bethel hospital, and who passed away Tuesday, was sent back last evening to the undertaking parlor of Staples, Moyer and Schumm, where it was prepared for burial and shipped to Watertown.

VAN HORNE FUNERAL.

The funeral of P. T. Van Horne, well known architect and Civil War veteran of Sterling, who died at his home there Tuesday afternoon was held this afternoon.

BABY DIED THIS MORNING

Merle the three-months-old son of Mr. and Mrs. Clinton Leber of Old, passed away at 7:30 o'clock this morning following a short illness. The funeral will probably be held tomorrow.

AMERICA'S WAR EXPENSES KEEP ON INCREASING

By Associated Press Leased Wire
Washington, May 1. — Nearly six months after the signing of the armistice, America's war expenses not only are continuing, without abatement, but actually are increasing over those of the past few months. This was shown today by a treasury report of government outlays for April, amounting to approximately \$1,420,000 of which about two-thirds went to pay the nation's direct war bills and one-third to the allies to enable them to pay obligations incurred in this country.

The gradual mounting of war expenses from month to month following the big drop from around \$2,000,000,000 a month last December and January to \$1,189,000,000 in February, was cited by treasury officials as a substantial reason why the victory loan must be generously subscribed. The increase is attributed to the gradual settling of manufacturers' accounts by the war department and by the higher demand of the allies for credits.

The tremendous outlays in April raised the United States actual expenditures since the nation entered war, to about \$30,500,000,000. About \$9,000,000,000 of this has gone to the allies and will be repaid. Without war the government's expense probably would not have been more than three billion dollars in the two years officials believe.

TROOP ARRIVALS.

By Associated Press Leased Wire
New York, May 1.—Fifty-three officers and 1412 men of the 28th division, arrived today on the Finland from St. Nazaire. They included 36 officers and 1400 men of the 193rd engineers, assigned to Camps Sherman, Taylor, Grant and Dodge.

The Finland brought altogether 3500 troops, including the 23rd, 46th, and 96th base hospitals; the 2nd and 10th convalescent camps and 55 officers and 810 men recovering from wounds or illness. She was diverted to New York after having sailed for Newport News.

The steamships West Alsek from La Pallice, and Alloway from St. Nazaire brought 32 casualties, 26 of whom are New York men.

Troops for Camp Grant
From Bordeaux 2052 troops arrived on the Henry R. Mallory. These included the 399th field signal battalion complete, 84th division (national army, Indiana and Kentucky) for Camp Grant; 11th, 20th and 96th aero squadrons, together with aero park and aero construction casualties; 25th evacuation hospital for Camp Dodge; and 21 officers and men convalescing from wounds or illness.

COMMUNITY EXPERT HERE TO HELP CITY

Allen D. Albert, the special envoy of the Community Councils of Illinois, who at the invitation of leading business men and women of Dixon will explain the work of the Councils at a meeting at the city hall at 7:30 o'clock tonight, to which meeting all are invited, in an interview with a Telegraph representative today explained that he had been retained by the Community Councils of Illinois as their special representative and will visit a number of the progressive cities and towns in Illinois during the next two months in the interest of the movement which he said was meeting with the heartiest encouragement everywhere.

"Single communities here and there throughout the United States have found the plan of community partnership, such as we worked out under the war for the success of the cause," he said, "not only feasible, but practical. It is for that purpose, of showing the real benefits such a Council will be to your town, that I am here, and to tell you how the townships, cities and counties of other states are organizing.

"If you have a Community problem that needs the force of all the citizens lack of it to arrive at a just and fair solution, you will have the medium through these Community Councils. You cannot have thousands of citizens counselling together in open meeting, you would never come to any decision or get anything done, so the next best thing is to get a representation of all the organizations to meet and council together for the good of the town. That is what we propose to offer as a medium for the best solution of your community problems, if you have any, and what town is without them today?"

CAPT. WARD RESIGNED
Because he had been criticized in the recent campaign for devoting part of his time to Co. H, Ill. Reserve Militia, City Clerk Harold E. Ward, captain of that company since its organization, has tendered his resignation to Adj. Gen. Dickson.

STOP THAT COLD

Treat it with a remedy that you know positively will help it. Goose grease and turpentine were used by your great grandparents and served them well. They are as good now as they ever were—even better. When you get them, under the MEN-THO-EZE label, they'll be the same old goose grease and turpentine, but they'll be combined with menthol, the great cold remedy of China and Japan, also peppermint, wintergreen and other healing oils.

The goose grease and turpentine in MEN-THO-EZE work on that cold from the outside of the chest. Fumes of the menthol and other oils are inhaled, going right to the linings of the throat and lungs. The result of this double treatment is—**relief in 2 minutes.**

ATTACHED AUTOMOBILE
Sheriff F. A. Schoenholz yesterday afternoon served a writ of attachment drawn up in the circuit court of Whiteside county, attaching a Chalmers automobile, the property of L. C. Johnson, who has been staying on West Third street. The writ was drawn to satisfy a claim of \$4097.26 for P. J. Mathias of Hoopole, due on a note. The car has been taken to the Angier Wilson garage pending further action by the Whiteside county officials.

AT FREEPORT STORE
Freeport Bulletin: Herbert Tennant, who has been firm manager for the Great American Grocery company, which recently located at 46 Stephenson street, has been transferred from Freeport and leaves for Dixon today. Mr. Tennant will become manager of a store at Dixon. John L. Lott, who is well known in Freeport will be in charge of the store in the future.

Commencement invitations should be ordered early. Teachers and pupils call at The Evening Telegraph office and see samples.

FIND MOSS' DEATH DUE TO HEMORRHAGE

Chronic nephritis and hemorrhage of the brain were found to have caused the death of Sergt. John Moss by the coroner's jury which completed the inquest at the Jones' undertaking rooms this morning, the evidence showing no cause for belief that his death had been caused by poisoning. Dr. C. H. Bokhof was the only witness examined. He testified that he had known the deceased in life, and that a post mortem examination showed that he had had a large heart, probably due to kidney disease; and that the deceased heart and kidney were sufficient to have brought about his death. A brain tumor was also discovered at the autopsy, the physician explained, and he also had a slight attack of pneumonia. The jury was: J. M. Sterling, Charles E. Miller, J. C. Williams, H. O. Wheeler, H. Raffenberg and John H. Byers.

TE STORE OF REAL BARGAINS

Why Hesitate Longer?

Mrs. Housekeeper, you know you have been wanting one of our power machines that does a family washing before 9 a. m.

A big tub full of clothes can be thoroughly washed in 20 minutes at a cost for power of 2 1/2c to 4c. Clothes need not be boiled unless you wish to. About the only labor you do is to hang the clothes on the line.

Why hesitate longer about buying with these great advantages within your reach. Your strength is surely worth conserving or if you hire the laundering done, you are saving money, for the machine can be paid for in a few months with what you would pay for laundering. Come at once and see the seven styles of power washers (electric or engine) which we carry in stock and why a woman walks 4 1/2 feet from washing tub to basket instead of 14 feet as with some others. Also the advantage of starting, stopping and reversing the wringer instantly with either hand or foot.

Do not hesitate longer. Buy one now and you'll always be glad. We'll sell you for cash or on easy payments.

Afternoon Organ Recital

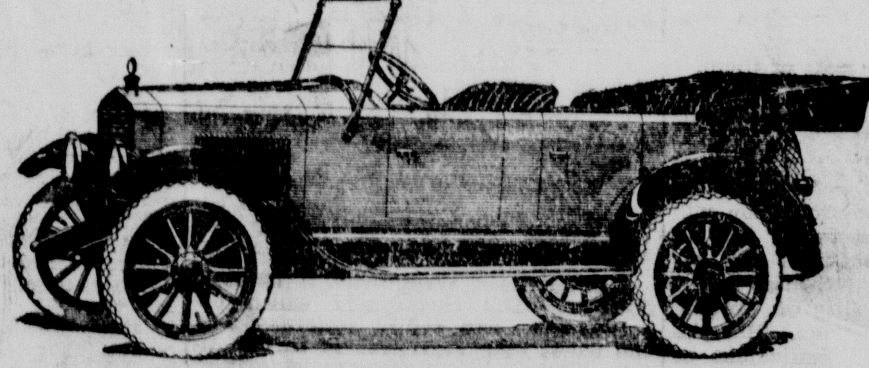

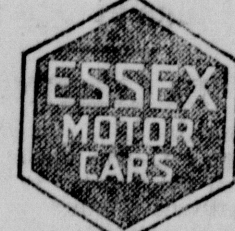

In view of the fact that both the Sellars Organ Recital and the High School play occur on the same evening, Mr. Sellars, who makes records for the Columbia Graphophone Co., and whose reputation as an organist and composer is world-wide, will precede the great organ recital arranged for Friday evening, May 2, at 8:15 o'clock, at the Baptist Church, with the rendering of the same program at the church at 4:15 Friday afternoon. Tickets, fifty cents, can be secured at Miller's Music Store. Children under 12 years, twenty-five cents. This is an extraordinary opportunity to hear a world famous organist. If you can't hear Mr. Sellars Friday evening, arrange to attend the recital at 4:15 in the afternoon. Dixon musicians are enthusiastic over the coming of this great performer. Tickets will be sold at the door in case you have not already secured one. The half price tickets for children are arranged especially for the advantage of the children. Mr. Sellars' concert will be a musical inspiration to them as well as to adults. Don't fail to hear one of these great concerts.

HOW THEY PRAISE ESSEX PERFORMANCE

They Compare the New Light Weight Car to High Powered, High Priced Automobiles

Essex performance is now talked of so generally among motorists that you should know what they are saying. Hundreds of thousands have seen the Essex. They have admired its costly car appearance. They speak of its completeness in appointment and how it differs from other light weight, moderate priced cars. But they grow enthusiastic over Essex performance. A car at its price and of its weight was never expected to possess such hill climbing and acceleration capacity. The standard it sets has been known only in the large high priced field. And in speed and easy riding qualities, it also matches the cars which sell at two and three times its price. You hear on every side how steadily it holds the road at speeds difficult to maintain even with some larger cars. And as for ease of riding there seems no standard known to motor cars that the Essex does not surpass. Remember these are not our claims. They are the frank and voluntary praise of tens of thousands. You can find Essex friends wherever you go. We advertise merely to induce you to ask about Essex and to arrange to take an early ride in it. You will surely become one of its friends. Perhaps you will want to own an Essex, and if that is so the sooner you learn to know it the better. Sales already are far in excess of production. If you delay you might have to wait a long time to get your car. The price is \$1395 for a five-passenger model at Detroit.

MURDER CASE IN HANDS OF JURY

(Continued from Page 1)

spective arguments on the merits of the case. The state's attorney, in a "hunting tone, denounced the defendants as cold-blooded conspirators and murderers and demanded that they pay the extreme penalty of the law for cruel and deliberate murder, hanging.

Attorney Gannon made a highly stirring and eloquent appeal to the jury defense of his two clients. In impassioned and ringing words, the young lawyer established a reputation for himself as a trial lawyer in his plea for the lives and acquittal of the two colored men.

More State Witnesses.

Late yesterday the state called Dr. C. H. Bokhof, of Dixon, who testified to making an examination of Bush after he was shot. Clyde Mossholder, 815 Madison avenue, a stationary engineer at the roundhouse in Nelson, told of seeing Lucas, Johnson and Wilson at the roundhouse on the evening of December 6th. He said that all three carried guns and Wilson carried a searchlight as well. He said Johnson told him they had come from Dixon to settle some trouble Bush had made. He said that while he was talking to them, one or the other of them "covered" every person entering the room with a gun until they were sure who the person was. On cross-examination he declared that he had not told Attorney Gannon that he knew nothing of the affair until after the shooting. He said that after the shooting he looked out of the boiler room and that Lucas, Johnson and Wilson all pointed their guns at him until he withdrew.

Sheriff Schoenholtz told of his search of the Nelson yards for the fugitives and their subsequent arrest at Hannibal.

The Defense.

The state rested its case here and Attorney Gannon outlined to the jury his defense. Attorney Gannon told the jury that he would prove the following story:

That before December 6th Wilson and George Bush had some difficulties, when Bush took Wilson's revolver. That Wilson had been doing considerable drinking and on December 6th he went to the home of Sam Starks near Dixon and told Johnson and Lucas of his trouble with Bush and that Wilson was on that day in the height of passion. That Johnson tried to pacify him and warned him against any violence; even shaking him and striking him in an effort to straighten him out but that Wilson returned to Nelson with the threat that he would get his gun or get Bush. That Johnson and Lucas appeared in Nelson the same afternoon and Johnson was seen in friendly intercourse with Bush, when Wilson appeared on the scene and shot at Bush. That Lucas had "time" com-

ing to him from the railroad at Nelson and that Johnson had some household goods and chickens there, which furnished the motive for their trip to Nelson. That neither Lucas nor Johnson made any effort to help Wilson and that they tried to keep the two men apart. That neither Johnson nor Lucas was in a position to have fired the shot that killed Bush. That the trouble was only between Bush and Wilson and that the two defendants had no part in it whatsoever.

First Witness.

Attorney Gannon first called Henry Saddler, colored, who testified that he was in the Stark home when Wilson came there to see Johnson and Lucas and that Johnson tried to persuade Wilson to give up his plan of vengeance against Bush. He said that Wilson tried to borrow Johnson's gun, but that the latter refused to give it to him, at least as long as he (Saddler) was in the place, which was about 15 minutes.

James R. Blackburn was called by the defense and testified that he transported Wilson from the Stark place to Dixon in a Watts taxi and that Wilson told him he had been wronged by Bush and was going to get even and that Wilson had a slung-shot in his possession at the time. Otto Watts also testified to taking Wilson to the Stark place from Dixon.

Lucas on the Stand.

Al Lucas was next called to the stand in his own defense. He said that December 6th Wilson came to Starks' to see Johnson and to tell him that he was leaving Nelson so he must get somebody else to look after his (Johnson's) flock of chickens and other belongings at Nelson. He said that Wilson told them Bush had come upon him while asleep and stolen his revolver from him and he wanted revenge, but that Johnson advised him to seek the aid of the law, and then Wilson left. At about 3 p. m., Lucas testified, Johnson decided he must go to Nelson to look after his property there and asked Lucas to go along. When they got there, Lucas says, he asked at the office of the roundhouse for his time, but was unable to get it because the boss was not there. The two then went to the Will Smith home (colored) to see if Mrs. Smith would assume the care of Johnson's chickens. Johnson left him there for about a half hour, he says, and then came back. While there Wilson came charging in brandishing a revolver and evidently bent on mischief. They prevailed upon him to depart and they started for the roundhouse, meeting Wilson and Cleveland Chadwick on the way, unintentionally. He said that Chadwick offered the opinion that "Curley" (meaning Wilson, whose full name is Hampton Wilson) ought to do something to Bush for the way he has been acting. They left Wilson and Chadwick at the door of the roundhouse, Lucas said, but as they stopped to talk to boys in the shop, the pair caught up with them again before they reached the roundhouse office, which adjoins the other end of the

roundhouse, and they all went in nearly together. As they passed out through the office and to the outdoors again, Lucas says he heard someone say, "look out, there's Bush." Lucas was near the big compressed air tank in front of the ice at the time, he says, and so he gained that convenient shelter and made himself as inconspicuous as possible while some shooting was going on and then Wilson appeared again on the scene and said that he had "run Bush as far as he could see him." Lucas said that Wilson came up to where he was hiding under the tank and pointed his gun at him, saying that he "couldn't tell who no black" — was, hiding around here in the dark." Lucas said he was not on good terms with any of the parties involved in the affair.

Johnson Takes Stand.

R. E. Johnson, very black, sleek, slim and quick of mind, took the stand in his own defense and stated that he was born in Southampton, England, where he lived until 8 years old, when he moved with his parents to British Columbia. At the age of 17 he says he enlisted in the United States army, where he served as soldier for 12 years, receiving an honorable discharge, and going to Keokuk, Iowa, and coming from there to Dixon on August 1st of last year. He said he worked in Nelson until October of last year, when he came back to Dixon, leaving some chickens of his in Nelson. He said that Wilson came to Dixon on December 6th last and asked him to go to Nelson and take care of his chickens, and also wanted to borrow his revolver but that he refused the gun, saying he would not loan it to any man and advised Wilson not to have any trou-

ble with Bush. Johnson told of going to Nelson the same afternoon with Lucas, in order to look after the chickens, and of meeting Bush and shaking hands with him, although when he met Bush, the latter pulled a gun partially out of his pocket. He said he was talking in a friendly way with Bush when Wilson appeared unexpectedly and shot at Bush. He said that he then went on about his business and soon after he went to the office in the roundhouse. While there, he said, Wilson came in, and then Chadwick came in and whispered something to Wilson. Wilson then went out the door and Johnson and Lucas followed them, Wilson and Lucas being ahead, Johnson stopping to close the door after him. He heard someone start shooting, he said, so he ran around to the other side of the office building and stayed there until the shooting was over, when he rapped on the office window and told Larry Capatello, who was inside, to telephone the high sheriff at Dixon to come down to Nelson.

Denied Any Shooting.

Johnson testified that he had no gun with him, that he did not fire at Bush and that if Lucas had a gun he did not see it.

Johnson said that he then left Nelson because Bush was a friend of his and because he was afraid of Bush and Wilson, and that Lucas went with him. They stopped in Peoria two days, went from there to Keokuk and thence to Hannibal.

Johnson testified that he was on his way to Dixon and was just about to start home when he was arrested. He said that Wilson did not leave Nelson with them and that he saw nothing

of Wilson until the latter appeared unexpectedly in Hannibal a few days before the arrest.

On cross-examination Johnson denied that he and Lucas had ever talked over what testimony they would give at the trial. He denied that he had told the state's attorney and the sheriff, when brought back to Dixon, that Wilson left Nelson with them and that on the night of the killing in Nelson he had a gun in his hand.

Denied Negroes' Story.

The defense rested its case at this point and the state called upon Sheriff Schoenholtz, Deputy Phillips, Deputy Joe Miller and Freeman Robinson. All of these men took the stand and swore that when the two negroes were brought back to Dixon Johnson said, in the presence of them all, that Wilson left Nelson in their company and that he (Johnson) had a gun in his hand at the time of the shooting in Nelson.

Attorney Gannon objected several times to this testimony, on the stated grounds that the defendants had not been warned of their legal rights before their grilling in the county jail office. His objection was overruled.

Edward's Argument.

State's Attorney Edwards occupied about an hour with his opening argument of the case before the jury on the completion of the testimony of both sides. The state's attorney denounced the killing of George Bush as a cold-blooded, concocted, deliberate and premeditated murder which had no parallel in the annals of Lee county's history and gave it to the jury as his opinion that their verdict should be one that would demonstrate and vindicate

the majesty and dignity of the law and would result in a depressing effect on the crime and its perpetrators. He pointed the finger of accusation at the prisoners and declared they had shot George Bush down like a dog and had then skipped out of the country, the flight of the accused being an evidence alone of their guilt. He said that in their evidence they did not deny shooting Bush, Mossholder and others that they had come to Nelson to look for George Bush, and the state's attorney said that although he said it solemnly, the proof showed without a doubt that R. E. Johnson fired the shot that sent George Bush into eternity. He characterized the killing as the worst that has ever disgraced the county, and he attacked the testimony as given on the stand by the two prisoners.

The state's attorney reminded the jury that the defendants claimed they were on their way home to Dixon, but that when they were arrested they gave false names and denied their identity. He said that the facts show that the accused have abandoned and malignant hearts and show a wantonness that demands the most severe penalty provided by law.

The death penalty is called for in this case, the state's attorney declared, saying that Lucas and Johnson were a menace to humanity and the people of the earth and that it is unsafe to leave them upon it, and that although it is not a pleasant thing to plead for the death penalty, it is a duty that himself and the jury could not shirk.

Gannon's Appeal.

Attorney Gannon, in a fervent appeal to the jury, following the state's attorney, declared that his case repre-

sented inequality to start with and that he stood alone in the defense of the two colored boys who were on trial. He said that he had from the first been impressed with the truth of the story told by the defendants and that he was morally certain they were telling the truth. He said that the state's attorney and the sheriff's office are crying for blood in this case in order that they might make a showing before the people but asked why, in other cases which he described as more brutal and heinous than this one the death penalty had never been asked for.

Something about clothes conditions

THERE'S one thing to remember this year—in one sense there is no such thing as cheap clothing; poor stuff costs nearly as much as the good. In another sense there is a lot of "cheap" clothing in the market; poorly made clothing; worth very little.

Don't be fooled; because you pay a fairly good price it doesn't mean the merchandise is good. Get clothes you can be sure of; clothes that are guaranteed to satisfy you; Hart Schaffner & Marx clothes. As long as you pay the price of good clothes, you'd better have them.

SINGLE AND DOUBLE BREASTED WAIST-LINE SUITS

NEVER in the history of the clothing business has there been a style as popular as the waist-seam suit. Everybody likes it; the returning soldiers and sailors say it's the liveliest yet. Business men are wearing it. Not the same model, of course, but variations of this idea. We have any number of these good styles in any number of new patterns and colorings--they're coming in almost daily and going fast.

FRANKLIN GROVE AFFAIRS

(By J. C. COOK.)

CONVENTION AT AMBOY.

The Lee County Sunday School association to be held at Amboy Friday and Saturday should have a good attendance from Franklin Grove. A very interesting meeting is promised and teachers and all who are interested in Sunday school work should be there. The special object of the meeting will be the consideration of modern methods of modern teaching.

OVER THE TOP IN CHINA.

In the Victory Loan campaign Monday, China township, went over the top with a surplus of over 100 per cent. The quota was \$46,300 and early in the afternoon over \$80,000 had been subscribed with more on the way. And all of this had been accomplished quietly, without causing even a ripple in the current of financial affairs in the township. As some one has expressed it, the amount was "not a drop in the bucket," compared to the wealth of the township. Large sums of money when assigned to an entire community are far different than when considered from an individual standpoint. Some years ago when it was proposed to raise \$125,000 to build a new court house for the county, there was a terrible protest on the part of many, who seemed to think that amount would bankrupt the county. But the court house was built and stands today a credit to the county, to the state and to the nation. The bonds were each paid and the amount for each individual was so meager that it was hardly noticed. The average farmer paid three or four dollars each year for a period of time and there was nothing to it. Since then many large sums have been raised in Lee county. Over double the amount it cost to build the court house has been expended on good roads, and more money has been paid for the Y. M. C. A., the Red Cross and government loans, without effecting in the least the material wealth of the county, which is constantly increased and should also increase a spirit of liberality in its distribution. It should increase a spirit of giving and do away with any spirit of greed or selfishness, that dwells the soul and grinds higher sentiments of life out of men. It should incorporate a higher regard for humanity's needs, for helping others to help themselves, more appreciation of the beautiful and the unbounded benefit and pleasure of giving.

CLUB MEETING

The Klio club held a very interesting meeting at the home of Mrs. Harry Stultz Tuesday afternoon. The decorations consisted of spring blossoms, daisies and apple blossoms. The subject for review was Yellowstone park. Mrs. Nellie Hansen gave an interesting description of her trip through this garden of wonders and Mrs. Mary Gonnerman exhibited over one hundred colored views. The part of the program giving a charade, Klio club, proved a very amusing feature. An article entitled the Marseillaise was read by Mrs. Lucy B. Cook. A pleasing solo, The Rose of No Man's Land was rendered by Mrs. Sala Ives. The hostess served delectable refreshments. The subject for the next meeting is Russia.

BIRTHDAY ANNIVERSARY

Henry Gonnerman, having reached another mile stone in the journey of life, was kindly remembered by relatives and friends who gathered at his home last Friday in honor of the occasion and to brighten with social cheer the passing event. A 12 o'clock dinner and a 6 o'clock supper afforded a bountiful feast for all. The out of town guests were Conrad Gonnerman, Henry Schaffer, from Dixon, Mrs. Andrew Wentler and daughter, Mrs. Musselman, William Gonnerman and family, Mrs. Henry Semler, Mr. and Mrs. Tony Wright, Mr. and Mrs. Andrew Gonnerman and sons Leonard and Henry all from Ashton. Marcus Gonnerman and daughter from town. It is over half a century since Henry Gonnerman came here a young man seeking his fortune in the new world. Possessed with habits of industry and the principles of honest endeavor he has gained not only material substance but an honored and respected name in the community. For many years he followed farming and about 9 years ago he established his residence in Franklin Grove.

FOR PAVED STREETS

In a town not a thousand miles from Franklin Grove, a petition signed by all the progressive members of the community will be presented to the town board for the paving of the main street and two side streets. This town has about the same population, with about the same advantages, conditions and environments as Franklin Grove. They are now paying for a fine water system recently established; they pay without

day, returning in the afternoon with a new Overland car to be added to the Kelley garage salesroom.

There will be an all-day meeting of the Methodist ladies' aid society at the home of Mrs. I. H. Schmucker, tomorrow.

Rev. A. Perry, pastor of the M. E. church at Rochelle for seven years and recently engaged in Red Cross work at Camp Grant will continue with the organization and is to be transferred to across seas to work in the army of occupation on the Rhine.

Fred Hussey of Evanston was a visitor here Friday.

At the Kelly garage the Overland cars are having a ready sale. Recent purchasers include Bill Schaffer, a fine touring car known as the Overland Big Six. Lewis Trotter, five passenger, 90. Frank Healech, five passenger, 90. Mrs. Virgil Keith was a visitor in Ashton Monday.

Miss Iva Minor, who has been visiting for several weeks in Winnebago, returned to Franklin Saturday.

The Juniors of the F. G. H. S. motor to Chana Friday evening to give their class play by invitation of the Chana school.

Chas. Secor, son of Mr. and Mrs. Frank Secor arrived in town Monday from Janesville, driving a six passenger Cadillac en route to Montana where he goes to prove up a homestead claim.

Dick Smith and Amos Wilson motor to Elizabeth, Ill. last Friday and had a very pleasant interview with Congressman John McKenzie. Considering the distance (about 80 miles) and condition of the roads, the trip was made in good time.

JORDAN.

Mrs. Jacob Gatz, Jr., has been ill the past few weeks of inflammatory rheumatism but is improving nicely.

Mrs. Mary Schick, formerly of Jordan and recently of California, where she spent the past several years, has been visiting friends and relatives in this vicinity. After a brief visit she will go to Ohio to visit her daughter, Mrs. Albert Beatty.

Mrs. W. D. Detweiler entertained the following at dinner recently in honor of Mrs. Mary Schick, of California, who is visiting in Jordan: Mrs. Amanda Kidder of Polo, Mrs. Ella Kidder, Miss Clara

Mensch, Mrs. Ida Anderson, and Mrs. Ella Hoak. Mrs. Kidder entertained the same company later, including as additional guests Mr. and Mrs. Nelson Jacobs.

The Ogle County convention will be held at Byron on May 1 and 2.

The East Jordan W. M. A. and Otterbein Guild held a joint meeting Thursday, May 1, at the home of Mrs. Eli Detweiler.

Charles Parks is grand juror at Oregon this week.

Mr. and Mrs. Lewis Baker and son Dwight were dinner guests at the Glenn Millhouse home.

Mrs. Mary Foster Bryner, who is known all over the United States as one of the foremost Sunday school and Young People's workers, will give an address at East Jordan next Sunday afternoon, May 4th, at 2:30 o'clock. Every body is invited to come and hear this State Sunday School worker. She has been secured to give this address at

East Jordan between her Ogle county and Carroll county convention dates.

Word has been received this week from Clarence Parks. After his furlough to Paris and Versailles, his division was sent to Nieder Br. sig, Germany, on the Rhine. On April 6 he received a bunch of 35 letters from Oct. 9 to March 15. His division passed in grand review before Gen. Pershing recently. His address is the same, L. Co. 29th Infantry, A. P. O. 746, American Ex. Forces, N. Y.

Last Thursday evening the teacher training class at Penrose took an examination under Rev. C. J. Ludwick.

Rev. C. J. Ludwick preaches at Penrose next Sunday morning after Sunday school.

Mrs. Winnie Bishop, who spent some months in France as a Red Cross nurse, arrived at the home of her mother and grandparents, Mr. and Mrs. Ripley Stauffer, in Penrose, on Friday morning. While in France she visited a

number of the larger cities and brought a number of interesting souvenirs with her. She expects to spend some time with her folks.

Mr. and Mrs. C. H. Kline spent Sunday afternoon in Sterling.

Mrs. Bert Ports, Mrs. John Ports and Mrs. Ralph Ports spent Friday afternoon with Mrs. Charles Davis.

Mrs. Wm. Martin, formerly of this vicinity but who has been living at Banning, Calif., the past few months, was called here by the death of her sister,

Mrs. Harry Garman of Brookfield, who was ill but a short time of pneumonia. The case is a very sad one. Mrs. Garman's granddaughter, Ruth Kniss, died a few hours later in the same home. A double funeral was held at Brookville Mrs. Martin, after a short visit with friends at Dixon and Polo, will again return to Banning, Calif.

The Brunswick Name Certifies an Extraordinary Tire

Many motorists buy Brunswicks because of the name alone. It is sufficient assurance for them of super-quality.

They have known this ancient house for its high standards, as have their fathers and grandfathers. Since 1845 the House of Brunswick has been noted for its rare workmanship.

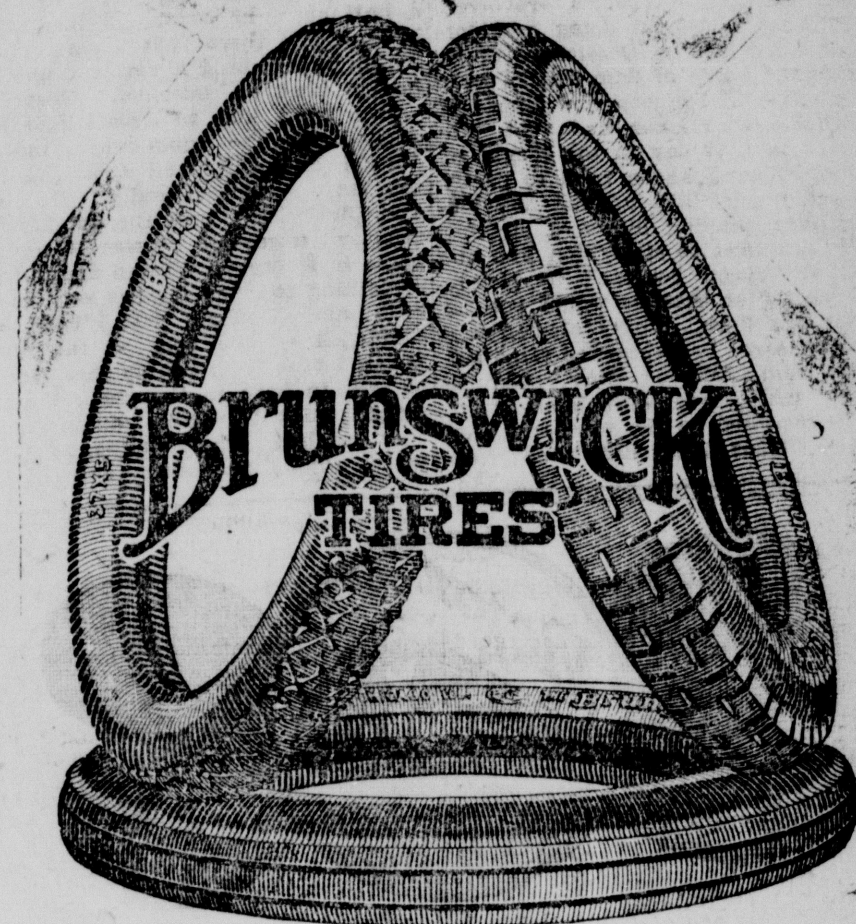

Brunswick standards, as applied to tires, mean giving the utmost. In them you will find combined all the approved features, properly related. No one advantage overshadows others nor hides shortcomings.

The best tread that's known, the strongest fabric, the most enduring side-wall construction, every addition, every extra, make Brunswicks prove their superiority. No factory cost has been too great.

ONE Brunswick will win your decision to have ALL Brunswicks. It will be a revelation.

Buy it today. It costs no more than like-type tires.

PHIDIAN ART CLUB MET—

A large number of Phidians attended the meeting held at the home of Mrs. M. H. Vail Tuesday afternoon. The meeting opened with a piano number by A. H. Stoddard, "Camino Ostrov." An encore was demanded and graciously given. Mr. Stoddard has given the Phidians much pleasure with his music in the past and all were delighted with the privilege of hearing him again.

A number of business matters were taken up. It was voted to have a picnic after the meeting of the State Federation in June, with a report to be given at the picnic of the federation. Another musical treat was given by Elmer Rice, who gave two beautiful vocal numbers. Mrs. Goodsell played the piano accompaniment. "Venezuela, the Land of Eternal Summer," was the subject of an excellent paper given by Mrs. C. G. Smith.

The United States of Venezuela lies between Colombia and British Guiana and covers 204,600 square miles. The Orinoco is the largest river, which like most of the rivers of this country, are un navigable because of the rapids. Caracas is the largest and most important city. This country, because of its long Spanish rule, has remained at a standstill so that the largest part is still undeveloped. Owing to the hot climate, diseases are prevalent. The llanos, or northern plains, are good for cattle raising. In the mountainous and southern parts, rich mineral deposits abound—coal, gold and copper; petroleum, marble, onyx, jasper are also found. Cedar and mahogany are the valuable woods grown. All sorts of tropical animals and birds of wonderful plumage abound in the forests. The aborigines believed in sun worship. The present republic was first started in 1811. Our government has had to arbitrate some of its difficulties with foreign nations. There are now twenty states and a number of territories in the commonwealth. The future of Venezuela is a question but the opening of the Panama canal has given her many advantages for foreign trade.

GAVE ADDRESS ON CHINA—

Miss Frances B. Patterson, of Chicago, quite delighted a goodly sized audience last evening with the lecture given under the auspices of the Standard Bearers and the Foreign Missionary society of the Methodist church at the church and the young women of the former society realized a neat sum from the sale of tickets to further their missionary work.

Miss Patterson, a charming speaker, pictured most graphically the conditions in "China, Old and New," the subject of her lecture, using a most beautiful collection of stereoscopic pictures in illustration. Her lecture was

a strong appeal from the missionary standpoint—she is both an extensive oriental traveler and returned missionary—and went into the details of the conditions in China before visited by Christian missionaries, bringing with them the new civilization, and the rapid metamorphosis being wrought, with the introduction of occidental civilization, its modes of transportation, etc. The pictures shown were a quite unusual collection and with her talk delighted the audience. Miss Patterson was introduced by Mrs. Joseph Beach, who has been connected with missionary and educational work in China.

ENGAGEMENTS ANNOUNCED—

The engagement of Miss Elizabeth Wold, of Rockford, to Arthur Nelson, of Sioux City, was announced to a few friends entertained Monday evening at home of Miss Wold's sister, Mrs. Frank Forman. The wedding will take place in the near future. A luncheon and miscellaneous shower was given in honor of both Miss Wold and Mrs. Claude Mangan and both received a number of beautiful gifts in china, cut glass, etc.

The house decorations were in red and white, with red and white tulips as the flowers. A dainty two-course luncheon was served. Games were played after the luncheon. The guests included besides the two guests of honor, Mrs. Wm. Carlson, Mrs. Charles Duis, Miss Anna Cheate, Miss Irma Grose, and Miss Minnie Johnson.

BE JOLLY CLUB MET—

Though weather conditions kept many of the members at home, those of the Be Jolly club who did meet yesterday at the home of Mrs. S. W. Miller, spent a most delightful day. At noon a most delicious scramble luncheon was served and the afternoon was spent in a variety of occupations, some assisting Mrs. Miller with some sewing, some crocheting and doing other fancy work. Victrola and other music was enjoyed and a collection of souvenirs sent by France by Mrs. Miller's son, Leon Miller, were inspected with much interest. There were helms, shells and something from the many different places Mr. Miller had been stationed. Miss Avis Beatty also exhibited a very interesting collection of views, sent by a friend in France, including pictures of the battle fields, aeroplanes, ruins, etc.

ADD ANOTHER STAR—

The War Mothers' Council of Lee county have, through the committee appointed for that purpose, added another gold star to the service flag that hangs in the court house in honor of Sergt. John Catori (Moss), whose funeral was held yesterday. He enlisted in the service from Dixon. Many War Mothers were in attendance at the funeral service.

D. A. R. MEETING—

The regular meeting of the local chapter, Daughters of the American Revolution, will be held Saturday afternoon, May 3rd, at the home of Mrs. Lewis Petre, 511 Peoria avenue. Miss

AFTERNOON ORGAN RECITAL—

Music lovers of Dixon will be glad to know that there will be a double opportunity this week to hear the great English organist, Mr. Gatty Sellars, whose compositions and performances are recorded by the Columbia Graphophone company. Mr. Sellars will give his great recital at the Baptist church Friday evening of this week, at 8:15, and will also give the same program at 4:15 in the afternoon. This will enable many who could not attend the evening recital to hear Mr. Sellars. Dixon musicians are anticipating this concert with much pleasure, as Mr. Sellars has an international reputation both as a composer and as a performer.

ENTERTAINED SPEAKER—

Miss Frances B. Patterson, traveler and returned missionary, who gave an address before the members of the Foreign Missionary society of the Methodist church and their friends Monday evening on "China, Old and New," was a guest while here of Mr. and Mrs. L. B. Neighbour.

GRACE AID MET—

Although the attendance of members was not large because of the disagreeable day, the meeting of the Grace Evangelical Aid society of yesterday was a very good one. Some matters of business were transacted and a quantity of rug rags sewed.

CLY ALTY MEETING—

A regular meeting of the Cly Alty club will be held Friday evening at the home of Mrs. K. B. Segner, 221 Peoria avenue. The husbands of the members are also invited.

M. E. FOREIGN MISSIONARY—

The Women's Foreign Missionary society of the Methodist church will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. Emerson Bennett. All ladies of the church and congregation are most cordially invited.

GRACE CHOIR MEETS—

A meeting of the Senior choir of the Grace Evangelical church will be held at the church this evening after prayer meeting at 9 o'clock.

VISITED IN IRELAND—

Miss Audrey Graves has returned from Ireland, Ill., where she spent a week with her sister, Mrs. Harry Stewart.

QUADRILLE CLUB DANCE—

The Quadrille club will give a dancing party in new Armory hall tonight. All those holding invitations to previous affairs of the club are invited.

THE PROMOTER'S WIFE

By JANE PHELPS.

LORRAINE MAKES A FOURTH AT LUNCHEON.

CHAPTER LXXXII.
When we drew up to the curb in front of the restaurant Neil and Mr. Frederick were just turning in. They saw us, and helped me alight, then Neil said to Lorraine:

"Aren't you coming, too?"
"I wasn't asked," she replied smiling.
"You are now, Miss Morton, please join us," Mr. Frederick quickly responded.

"If you really want me, I should be delighted."
"Take it for granted that we do, Lorraine and come along," Neil took her arm and they walked ahead of Mr. Frederick and me so giving him a chance to say:

"We will not be able to talk, but perhaps it is just as well. I like you and—Forbes to be seen with her."
"She is a dear," I returned, just as the waiter showed us to the table which had been reserved, adding another place.

"See! I wasn't expected!" Lorraine bantered.

As is always the case when one's mind is filled with a certain subject, the conversation veered around to business before we had finished our luncheon. Lorraine seemed terribly interested, and asked several intelligent questions which showed her familiarity with terms used in talking of monetary affairs. Neil was explaining a certain deal he was about to take up with Frederick. He seemed to me to be trying to impress his listener with the probity of the deal. I tried to grasp what was being said, but most of it was over my head.

"Have you seen this tract?" Mr. Frederick asked.

"No—" Neil flushed, "but Tearle has. He brings glowing accounts of its possibilities."
"Will you wait until I have investigated it. I wouldn't take Tearle's word under oath." Someone had just spoken to Lorraine as they passed so she did not hear, although Mr. Frederick had lowered his voice—I knew for that purpose.

"It is too late. The prospectus has already gone out."

"When?"
"About a week ago. We have had several returns, hundreds of inquiries. The country is prosperous. People are

anxious to invest their money."

"And Tearle tells them how." It was the first sarcastic speech I ever heard Mr. Frederick make.

"Come you two you must stop talking business when you have ladies with you," I hastened to say. I saw a look on Neil's face which I recognized, one he invariably had when he was beginning to get angry or impatient.

"That's right, Mrs. Forbes. We aren't very polite," Mr. Frederick answered, while Neil, looking relieved, turned to Lorraine. "I'll see your husband in his office later." I knew he had added that to let me know he would not so easily give up helping me, and attempting to make Neil see things as he wanted him to.

The remainder of the luncheon passed pleasantly. Before we rose from the table Lorraine said:

"Won't you and Mr. Frederick dine with me one night, when ever it is convenient to you men of business?"

"That will be lovely," I hastened to say. I would know that Neil was not with Lorraine for that night, and I should enjoy dining with Lorraine and her father. It flashed over me that Mr. Frederick would be sure to make a good impression, and that as he was a friend of Neil's it would help Neil. Little did I think that the lunch, his acceptance of Lorraine's invitation were both because of that very idea. He knew that Neil would soon need friends. He also knew that it helped him to be seen with nice people.

But not until years afterward did I learn all that this man had done for us.

HOOSIER

— the Kitchen Cabinet that saves much of steps

"The Hoosier will help me to stay young"

"RETAIN your youthful energy and girlish appearance," is the wedding-day advice of thousands of Mothers. As they look back over the years, they realize that woman's charms soon fade and her health often gives way when drudgery methods rule her days.

But in Hoosier homes, daughters know the miles of needless steps and hours of wasted time that this scientific kitchen helper saves. They honor it for the service it has rendered the "little Mother" who has been able to give more freely of her time to a happy comradeship with her children.

The bride from a Hoosier home will have a Hoosier. It will be numbered among thoughtful wedding gifts or be first on her list of household needs. Other brides should know what the Hoosier means. And millions of tired Mothers should also learn how the Hoosier reduces kitchen work and frees them from burdensome labor.

This scientific labor-saver is within reach of all. Its price is moderate and the terms are easy. Pay one dollar on delivery—the balance in small weekly payments.

Come and see the Hoosier. Come today if you can. Select your own cabinet or the one for the bride-to-be.

A great stock of Rugs, Linoleum, Draperies, Furniture and "Hoosier" Cabinets. Everything to fit out a new home or to refurnish the old one.

An Exchange offers this:
Once in awhile a great, illuminating
idea flashes into the minds of men.
Such a one, we think, is that proposed
to us by a reader. We hasten to give it
publicity:
The meanest and the most danger-
ous of automobile drivers is the road
hog. Yet he is the one the authorities
seldom catch because he practices his
cruelty only where he is out of sight
of the police. I suggest that you take
up with the city or the county the ad-
visability of building a car of cast iron
and disguise it as one of the meekest
of cars made. Send it out on the high-
way and when it meets a driver who
tries to crowd it into the ditch just let
him take what's coming to him. I'll bet
after a few collisions with the official
juggernaut the road hog would be an
extent species."

For every evil there is a remedy.
Every brute or beast has in it the germ
of its own destruction. Why not seize
this inspired council and proceed to
encourage the road hog to give way to
his impulse to commit suicide?

The proposed plan of the League of
Nations is to estop history from re-
peating itself, which is "some con-
tract."

It will be a relief to bartenders to get
into business where the best customers
do not want to kiss him good night.

TIRE THIEF TAKEN IN PEORIA LAST EVE

Chief J. D. Van Bibber left Dixon this
morning for Peoria, armed with a state
warrant for the arrest of Leo Lindsey,
known in Dixon as L. Linzu. The man
was arrested by members of the Peoria
police department yesterday afternoon
shortly after he had arrived in that city
and disposed of two new inner tubes at
a pawn shop for five dollars.
Lindsey or Linzu operated in Dixon
Tuesday morning when he was success-
ful in securing three new 34x4 Lion in-
ner tubes of Will Pontius, after telling

a story of having a carload of automo-
biles at the Northwestern depot to be
unloaded. He also called at the William
Rausch repair shop in Dementtown and
asked to see a new Bosch magneto, but
was refused.

The Peoria police notified the author-
ities here over long distance telephone
last evening of the arrest of the man
wanted. He confessed to his work in

Dixon, told where he pawned the two
tubes and said that the third was sold
to a station agent at Hahnehan or
Manlius on the Peoria branch of the
Northwestern. He will be brought back
to Dixon this evening.

Had Germany Won
Here's the Terms
Allies Would Get

By Associated Press Licensed Wire
Paris, Tuesday, April 29.—(Delayed.)

The terms that Matthias Erzberger was in favor of imposing upon the allies if Germany had been victorious, are set forth in a memorandum written by him in 1914, are outlined by a Geneva dispatch to the Journal having been received at Geneva from the private secretary of the late Kurt Eisner, the former Bavarian premier.

"Germany in the first place cannot tolerate the presence on her frontiers of so-called neutral states insufficiently strong to preserve their neutrality, or which do not want to remain neutral," said Erzberger. "Her second aim must be to free herself from insupportable leading strings of England on all questions of world policy. In the third place she must break up the Russian colossus."

Control of Belgium.
"Consequently Germany must have sovereignty not only over Belgium but the French coast from Dunkirk to Boulogne and possession of the islands. She must also take the mines in French

control of Belgium.

ODDS AND ENDS

ROCK ISLAND—The State Sunday School convention will be held in Rock Island on June 3, 4 and 5. The largest convention in the history of the association is anticipated.

MORRISON—John Hammer, a farmer of Union Grove, sold the largest hog that has ever been raised in this part of the country. It weighed 780 pounds and brought \$156.

FIREPORT—The death of four cows on the farm of Lawrence McGurk, near Lena, from poison, is believed to be the result of some person, perhaps an enemy of the farmer, placing poison in the oats bin. An investigation is in progress.

AURORA—Rev. Benjamin E. Chapman of St. Andrews church, Chicago, will assume the pastorate of Trinity Episcopal church here on May 4. The former rector, Rev. P. W. Reed resigned to enter evangelistic work.

ROCKFORD—Ether, used as an anesthetic when he had his teeth pulled,

resulted in death for Adam Wade, manager of a canning company here. The patient had a weak heart.

ROCK ISLAND—Addition of another stable at the fair grounds to house 40 more race horses is announced by the fair directors. Nearly \$3000 in purses will be offered at the race meet this fall. The fair will be held from August 19 to 22.

ROCKFORD—Mason, who ask 90 cents an hour, may be the next union man to walk out in this city. They demand an increase to \$7.20 a day on May 1, or they will strike.

ROCK ISLAND—During 1918-1919 Augustana college reached the largest enrollment in its history. Seven hundred and sixteen students were enrolled.

FIREPORT—Fire destroyed the North Ridge Brush company's plant here with a loss of about \$2000. Twenty girls in the plant escaped.

Nobody ever accused the devil of neglecting his business.

AMUSEMENTS

DIXON OPERA HOUSE.

With its tremendously fascinating story, charming score and magnificent production, Chas. F. Yale, producer of the "Red Rose," etc., announces his smartest and brightest musical comedy, "The Honey Moon Limited" as the offering at the Dixon opera house on Saturday night, May 3. The same beautiful settings will be seen in the presentation during its transcontinental tour on the Klaw & Erlanger circuit this season, while the splendid cast will include Billie Hallus, Evelyn Weaver, Frank Cummings, Ben Morris, Ooe Hamilton, Bobbie Allen and a chorus of boys and girls all in the spring-time of youth, whose singing and dancing assist greatly to make up a delightful evening's entertainment.

Human nature does not change much, and human nature seems about the same too.

Bolshevism is a hollow mockery, both in the head and the stomach.

Protectall Wardrobe Bags

For Daily Use and Storage

More clothes are ruined by improper care when not in use than they are by actual wear. Why not give them the best of care by keeping them all in Protectall Bags.

By simply tucking in the dust flap your garments are protected from dust and dirt. By double folding the edge, for storage, the bag is made air-tight and moth-proof, yet it is odorless.

Protectall Bags are made of strong rope fibre paper and will last for years. The side opening makes them as convenient as your clothes closet. Several garments may be placed in one bag.

The saving in clothes and cleaning bills will pay for the bags in a very short time. Made in three sizes for dresses, suits and waists.

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Toppo red bags, tied red ties, hand-me pound and half pound tin humidor—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.

CURE BY SUICIDE.

An Exchange offers this:
Once in awhile a great, illuminating
idea flashes into the minds of men.
Such a one, we think, is that proposed
to us by a reader. We hasten to give it
publicity:
"The meanest and the most danger-
ous of automobile drivers is the road
hog. Yet he is the one the authorities
seldom catch because he practices his
outrageous only where he is out of sight
of the police. I suggest that you take
up with the city or the county the ad-
visability of building a car of cast iron
and disguise it as one of the meekest
of cars made. Send it out on the high-
way and when it meets a driver who
tries to crowd it into the ditch just let
him take what's coming to him. I'll bet
after a few collisions with the official
juggernaut the road hog would be an
extinct species."

For every evil there is a remedy.
Every brute or beast has in it the germ
of its own destruction. Why not seize
this inspired council and proceed to
encourage the road hog to give way to
his impulse to commit suicide?

The proposed plan of the League of
Nations is to estop history from re-
peating itself, which is "some con-
tract."

It will be a relief to bartenders to get
into business where the best customers
do not want to kiss him good night.

TIRE THIEF TAKEN IN PEORIA LAST EVE

Chief J. D. Van Bibber left Dixon this
morning for Peoria, armed with a state
warrant for the arrest of Leo Lindsey,
known in Dixon as L. Linzua. The man
was arrested by members of the Peoria
police department yesterday afternoon
shortly after he had arrived in that city
and disposed of two new inner tubes at
a pawn shop for five dollars.
Lindsey or Linzua operated in Dixon
Tuesday morning when he was success-
ful in securing three new 34x4 Lion in-
ner tubes of Will Pontius, after telling

a story of having a carload of automo-
biles at the Northwestern depot to be
unloaded. He also called at the William
Rausch repair shop in Dementtown and
asked to use a new Bosch magneto, but
was refused.
The Peoria police notified the auth-
orities here over long distance telephone
last evening of the arrest of the man
wanted. He confessed to his work in

Dixon, told where he pawned the two
tubes and said that the third was sold
to a station agent at Hahneman or
Manlius on the Peoria branch of the
Northwestern. He will be brought back
to Dixon this evening.

Had Germany Won Here's the Terms Allies Would Get

By Associated Press Leased Wire
Paris, Tuesday, April 29.—(Delayed)—The terms that Matthias Erzberger was in favor of imposing upon the allies if Germany had been victorious, is set forth in a memorandum written by him in 1914, and outlined by a Geneva dispatch to the Journal having been received at Geneva from the private secretary of the late Kurt Eisner, the former Bavarian premier.

"Germany in the first place cannot tolerate the presence on her frontiers of so-called neutral states insufficiently strong to preserve their neutrality, or which do not want to remain neutral," said Erzberger. "Her second aim must be to free herself from insupportable leading strings of England on all questions of world policy. In the third place she must break up the Russian colossus."

Control of Belgium.
"Consequently Germany must have sovereignty not only over Belgium but the French coast from Dunkirk to Boulogne and possession of the islands. She must also take the mines in French

ODDS AND ENDS

ROCK ISLAND—The State Sunday School convention will be held in Rock Island on June 3, 4 and 5. The largest convention in the history of the association is anticipated.

MORRISON—John Hammer, a farmer of Union Grove, sold the largest hog that has ever been raised in this part of the country. It weighed 750 pounds and brought \$156.

FREEDPORT—The death of four cows on the farm of Lawrence McGurk, near Lena, from poison, is believed to be the result of some person, perhaps an enemy of the farmer, placing poison in the oats bin. An investigation is in progress.

AURORA—Rev. Benjamin E. Chapman of St. Andrews church, Chicago, will assume the pastorate of Trinity Episcopal church here on May 4. The former rector, Rev. P. W. Reed resigned to enter evangelistic work.

ROCKFORD—Ether, used as an anesthetic when he had his teeth pulled,

resulted in death for Adam Wade, manager of a cannery company here. The patient had a weak heart.

ROCK ISLAND—Addition of another stable at the fair grounds to house 40 more race horses is announced by the fair directors. Nearly \$3000 in purses will be offered at the race meet this fall. The fair will be held from August 19 to 22.

ROCKFORD—Masons, who ask 90 cents an hour, may be the next union men to walk out in this city. They demand an increase to \$7.25 a day on May 1, or they will strike.

ROCK ISLAND — During 1918-1919 Augustana college reached the largest enrollment in its history. Seven hundred and sixteen students were enrolled.

FREEDPORT — Fire destroyed the North Ridge Brush company's plant here with a loss of about \$2000. Twenty girls in the plant escaped.

Nobody ever accused the devil of neglecting his business.

AMUSEMENTS

DIXON OPERA HOUSE.

With its tremendously fascinating story, charming score and magnificent production, Chas. F. Yale, producer of the "Red Rose," etc., announces his smartest and brightest musical comedy, "The Honey Moon Limited" as the offering at the Dixon opera house on Saturday night, May 3. The same beautiful settings will be seen here as marked the presentation during its transcontinental tour on the Klaw & Erlanger circuit this season, while the splendid cast will include Billie Hallus, Evelyn Weaver, Frank Cummings, Ben Morris, Ooe Hamilton, Bobbie Allen and a chorus of boys and girls all in the springtime of youth, whose singing and dancing assist greatly to make up a delightful evening's entertainment.

Human nature does not change much, and Ben nature seems about the same too.

Bolshevism is a hollow mockery, both in the head and the stomach.

Protectall Wardrobe Bags

For Daily Use and Storage

More clothes are ruined by improper care when not in use than they are by actual wear. Why not give them the best of care by keeping them all in Protectall Bags.

By simply tucking in the dust flap your garments are protected from dust and dirt. By double folding the edge, for storage, the bag is made air-tight and moth-proof, yet it is odorless.

Protectall Bags are made of strong rope fibre paper and will last for years. The side opening makes them as convenient as your clothes closet. Several garments may be placed in one bag.

The saving in clothes and cleaning bills will pay for the bags in a very short time. Made in three sizes for dresses, suits and waists.

Ask for the "Blue Bag With the White Lining."

Today's Market Report

(By Associated Press Leased Wire)

SHIPPING DEMAND CAUSES STRENGTH IN CORN MARKET

By Associated Press Leased Wire
Chicago, May 1.—Improved shipping demand from the east gave considerable strength to the corn market today. Besides, the weather was unfavorable, and there were predictions that planting would be delayed by the late season and a shortage of farm labor. Shorts covered freely, and found offerings rather light. Opening prices, which ranged from the same as yesterday's finish to 1/2c higher, with July 1.56 1/4 to 1.57 and Sept. 1.52 1/2 to 1.53, were followed by material gains all around.

Oats developed firmness in sympathy with corn. After opening unchanged to 1/2c higher, with July 69 1/2 to 69 1/2 the market continued to harden.

Provisions were sharply higher as a result of higher quotations on grain and hogs. The biggest upturn was in pork.

Later the market scored a radical advance and closed hurriedly at net gains of 6 to 7 1/2c, with July 1.62 1/2 to 1.63 1/2 and Sept. 1.59 to 1.59 1/2.

U. S. Trans-Sea Trip

Starts From Canada

By Associated Press Leased Wire
New York, May 1.—The start of the trans-Atlantic flight by United States navy seaplanes will be from Trepassy, Newfoundland. It was announced today by Commander John H. Towers, from Trepassy the planes will fly to the Azores, then to Lisbon, Portugal, thence to Plymouth, England.

From Rockaway Beach where the planes are tuning up they will fly to Halifax and from there to the starting point in the bay at Trepassy. It is planned to maintain 65 miles an hour while crossing the Atlantic.

The NC-4, took a trial flight today. The plane and seven occupants weighed 22,000 pounds, which is somewhat lighter than it is said to be on the trans-Atlantic journey.

BOMB ADDRESSED TO SEN. OVERMAN SEIZED IN MAILS

(Continued from Page One)

May 1. This is indicated by the fact that parcels reaching the Pacific coast bear the postmark of April 23. Those detained here were put in the mails April 26.

Is Perfect Machine

Though all the packages identified were sent from New York the postal authorities believe that others may have been sent from other cities and post masters throughout the country have been warned to watch for suspicious looking parcels.

The bomb experts worked six and a half hours in opening one of the packages.

"It does not resemble any machine I have ever come across," said Owen Egan, an expert on infernal machines. "It is the neatest and from the standpoint of mechanical arrangement, the cleverest I have ever seen."

LANDIS GETS ONE

By Associated Press Leased Wire
Chicago, May 1.—Bomb experts of the government today awaiting word from Washington before opening the package believed to contain an infernal machine, consigned to Judge Kenesaw M. Landis. The package, eight and one-eighth inches long and two inches square, answers in every detail the one sent to Senator Hardwick of Georgia, which blew off the hands of a maid in his home and injured Mrs. Hardwick.

Judge Landis is at Rockford, and learned of the mysterious package while holding federal court there, treating the matter casually.

No May Day Parade

Efforts of socialists toward a May day celebration were balked by Chief of Police John J. Connelley, who refused to issue a permit for a parade, although imported by Seymour Steadman and other prominent socialists. The parade had been planned as a protest against the imprisonment of Eugene V. Debs, and against the conviction of Victor Berger of Milwaukee. The socialists planned to hold a number of mass meetings in stead.

U. S. CHAMBER OF COMMERCE DISCUSSES LABOR PROBLEM

By Associated Press Leased Wire
St. Louis, May 1.—While the United States chamber of commerce today dealt with a mass of reports and resolutions designed to mold the policies of America's business, the association of commercial club secretaries faced squarely the problem of unemployment among returned soldiers. Robert H. Manley of Omaha told the conference that employment of returned soldiers rests wholly with commercial organizations as congress failed to appropriate for the United States employment service.
